Work experience

Sustainability Project Manager

Circular Cities,

Feb 2020 - Present
Brussels

- Managed multiple EU-funded sustainability projects (€1M+) focused on urban waste reduction and green mobility.
- Coordinated stakeholder engagement workshops with local authorities, citizens and NGOs.
- Oversaw project timelines, financial reporting, and compliance documentation.
- Implemented KPIs for circularity and emission reduction that improved transparency across projects.

Project Coordinator (Environmental Affairs)

GreenFuture Consultancy

Sep 2016 - Dec 2019
Leuven

- Supported sustainability audits for SMEs in Belgium.
- Created environmental reports in line with ISO 14001 standards.
- Delivered client presentations and coordinated monthly reporting with internal teams.
- Developed a practical toolkit for waste stream optimization, later adopted by 30+ clients.

Education

Master's in Environmental Sciences

Université Catholique de Louvain (UCLouvain)

Sep 2013 - Jun 2015
Louvain-la-Neuve

Bachelor's in Geography and Sustainable Development

KU Leuven

Sep 2010 - Jun 2013
Leuven
